

Kroger Card Program Update

Thanks to everyone who signed up their Kroger Plus cards for our school. In a year, we will have earned over \$1000. That's free money! The program will continue as before, but everyone who signed up last year must re-enroll. You can enroll online at krogercommunityrewards.com as you did last year. If you do not want to enroll online, you can use the attached barscan. Present the barscan to the cashier with your Kroger Plus card. When the cashier scans this along with your card, you will be enrolled with our school and you will not need the barscan again. Please tell family and friends to enroll their cards also. Again, everyone must re-enroll in order for the school to earn money for purchases.

Also, continue to send in Box Tops and Campbell's Labels. We received over \$600 in Box Tops this year. We are also enrolled in the My Coke Rewards program. If you have a My Coke Rewards account online or would like to create an account, you can donate points to our school. If you do not have an account, you can bring in caps and number codes to the school and they will be added to an account and donated to our school.

Thanks for all of your help. If you have any questions, please e-mail sjwechter@verizon.net or contact the school.
