

Saints Peter and Paul School

Academic Excellence · Spiritual Formation

On behalf of Sts. Peter and Paul Home and School Association, I am writing to request your support for our school's library renovation project. By becoming a sponsor of our project, "**THE LIBRARY...WHERE POSSIBILITIES BEGIN**", you can fuel the vision to create a library/media center where technology enhances the love of reading and learning.

The estimate of our renovation project is \$25,000. Your **donation of \$250** will help enlarge our old library and install new computer software to replace the manual card catalog system. Not only will the new software assist students in tracking book titles, it will also allow them to experience using technology when performing research. Updating the electronic learning media, e-books and audio books will attract and engage more students and provide positive learning experiences. Additionally, we will create a "Community Connection Corner" where age-appropriate activities will take place on occasional evenings for families in the community.

In order to show appreciation to our sponsors, we will provide the following recognition:

Your company name and a website link will be featured as a library sponsor on our school website, www.stspeterandpaulwellston.com

Your company name will appear on the sponsor banner displayed in our booth throughout the fund raising events for our library project, including the Sts. Peter and Paul Oktoberfest and Bob Evan Farm Festival, both being held in October of 2010. (exposure to over 50,000 people through these two events)

Your company name will appear on all promotional literature and media coverage related to the library renovation project.

On behalf of Sts. Peter and Paul Home and School Association, thank you for your past and future support. Your contribution is truly an investment in the future education of the children in our community.

Please send the sponsorship form along with your tax deductible donation by **June 1st, 2010** to:
